Recall 2006 provided former and current students a chance to connect on the Schreiner campus March 31–April 2.

Saturday's picnic had Schreiner's oldest and youngest alumni sharing memories, while other former and current students enjoyed the food, fun and fellowship of the day.

Casino night proved to be a smashing success again this year, with former and current students rivaling Vegas gamblers with their playing prowess.

The Schreiner Former Students Association unveiled the Veterans Memorial Plaza, an area at the heart of Schreiner's campus that honors the 109 known Schreiner former students who gave their lives in U.S. military service. The memorial also honors the many hundreds of other Mountaineers who have served.

At this year's Military Tribute Breakfast three former students shared their military experiences. Lt. Col. Allie B. Burton '42, a pilot in the Air Force, was shot down in North Korea and spent the last 10 months of the Korean War as a prisoner of war. Norman Hoffman '37 was a WWII Army pilot and squadron leader who flew 70 missions over Europe. Col. Richard R. McTaggart '42 served in the Army in both WWII and the Korean War. His duties until the end of WWII and several months afterward included rounding up war criminals and leaders in the National Socialist Party.

Other Recall activities included a tour of Kerrville, campus tours, the Texas Music Coffeehouse, the second annual varsity/alumni tennis tournament and the Sunday morning worship service.

Recall '07 will be April 20–22, so be sure and mark your calendar now.
