

Schreiner's senior Hatton W. Sumners Scholars were honored at an April 26 banquet. Pictured from left to right are: Bill Pannell, *Hatton Sumners trustee*, Corrina Fox, *senior Scholar*, Kristen Morton, *senior Scholar*, Delma Thompson, *senior Scholar*, Hugh Akin, *executive director Hatton Sumners Foundation*, James Thompson, *chairman, Hatton W. Sumners Foundation*, Megan McDonald, *senior Scholar*, Christy Thompson, *Hatton W. Sumners trustee*, August Blackburn, *senior Scholar*, Sonia Munoz-Gill, *former Sumners Scholar and Schreiner former student '91* and David Long, *Hatton W. Sumners trustee*. Not pictured are the newest Hatton W. Sumners Foundation students Elizabeth Boulware, Megan Kunkle, Heather Lee and Jeremiah Parsons.

The American Cancer Society awarded Schreiner University's Chapter of Colleges Against Cancer the Survivorship Program of the Year Award for 2004-2005. Accepting the award on behalf of the Schreiner chapter were recent graduates Kristen Morton '06, a cancer survivor, and Kelly Uhlenhaker '05. Morton, former chapter president, whose cancer has been in remission for four years, began the Colleges Against Cancer chapter at Schreiner to promote awareness and education, raise funds for the fight against cancer, and improve the quality of life for cancer survivors. "Participating in Colleges Against Cancer has really been one of the highlights of my student life," said Morton. "Being able to spend time with other chapter members from across the country and with staff members of the American Cancer Society really helps affirm the important role that students can play in the fight against cancer." Qualification for the award was determined by the originality and quality of events each chapter organized. Read more about Morton on page 16.

Schreiner students Elsa Cepeda of Kerrville and **Jamie Green** of Ingram each earned 2005-2006 United Parcel Service Scholarships for academic excellence and significant personal accomplishment. Cepeda received a scholarship of \$1,750 and Green was awarded a \$1,000 scholarship. Throughout the nation, 644 private institutions will disburse UPS Scholarships this year.

Alpha Chi inducted 14 new members during a ceremony on campus Nov. 1. New inductees are: Wesley Blankman, Hunt; Amanda Brown, Jennifer King and Molly Pruitt, all from Kerrville; Niki Castaneda, Converse; Holly Clark, Winnsboro; Sean Collins, Castroville; Melissa Dunlap, Floydada; Greg Kirkham, League City; Cody Lannom, Katy; Bradley McDonald, San Antonio; Elizabeth Williams, Fredericksburg; Mary Wingo, Odessa, and Allison Wood, Bloomington, Minn. Alpha Chi is a national honor society, which admits students from all academic disciplines. To be inducted, students must be in the top 10 percent of their junior or senior class.

Schreiner University and San Antonio College signed a transfer agreement on April 11. The transfer agreement (also known as a "2+2" agreement) will facilitate the transfer of SAC students wishing to continue their studies at Schreiner. "The completion of our articulation agreement with San Antonio College is an important milestone," said Dr. Tim Summerlin, president of Schreiner

University. "Financial and family circumstances often dictate that the community college is the right way for many students to begin their college education. It is a pleasure to conclude an agreement with a fine institution like SAC that will permit a seamless transfer to Schreiner for those students seeking a baccalaureate degree. Traditionally, a number of our strongest graduates have been transfer students, and this pact will ensure a continuing flow of such students in the future."

"We are very excited about this partnership, which will give SAC students more opportunities to continue their higher education," said Dr. Robert E. Zeigler, president of San Antonio College. "We will encourage our students to consider transferring to Schreiner, which is an outstanding institution and a valuable partner." Transfer students may be granted admission for fall or spring semesters or for the summer term. Transfer students will follow the prescribed core requirements for one of these degree programs: Bachelor of Arts (B.A.), Bachelor of Science, (B.S.) or Bachelor of Business Administration (B.B.A.). B.A. programs of study include biochemistry, biology, business administration, chemistry, creative arts, English, exercise science,
